

**Model IH4227
Cooktop Island Hood**

When your dream kitchen calls for a centralized cooking surface, the Wolf cooktop island hood is the ideal ventilation companion. The sculpted classic stainless steel shape not only provides the power you expect from Wolf, but also the beauty you have come to appreciate as well. The cooktop island hood has a telescopic chimney flue that adjusts to reach the ceiling with a finished look.

Model IH4227 shown. Also shown is Sub-Zero Model 695/S refrigerator/freezer and Model MW24 microwave oven with trim.

Product Notes

The cooktop island ventilation hood is available in the classic stainless steel finish. It is sold as a shell only, internal, in-line and remote blower options are available.

The telescopic chimney flue fits 8' to 9' ceilings and a flue extension to accommodate 10' ceilings is available as a sales accessory. A transition with backdraft damper is included with the hood.

IMPORTANT NOTE: The cooktop island hood is recommended for use with Wolf electric and gas cooktops and integrated modules. For Wolf dual fuel ranges, gas ranges, sealed burner rangetops and gas rangetops, a Pro ventilation hood should be used.
